AN INTRODUCTION FROM WILL HANCOCK - CHIEF EXECUTIVE

At South Central Ambulance Service NHS Foundation Trust, we recognise that to deliver high quality patient care and protect the interests of patients, staff and the organisation, we aim to encourage a culture of openness and transparency in which members of staff feel comfortable about raising concerns. By providing transparent and accountable procedures and channels for staff to raise concerns and having a culture of openness where staff can feel confident in raising any concerns they may have, issues can be addressed at the earliest opportunity, in the most appropriate way, so that positive steps can be taken to resolve them.

The Trust values and encourages an open culture and includes Caring, Teamwork and Professionalism in its values. We strive to make decisions in a transparent, inclusive and consultative manner, through a variety of groups and committees, such as our Workforce Development Board, JNCC, Partnership forums, Equality and Diversity Steering Board, and project working groups.

In the event of staff needing to raise concerns we encourage staff to use a variety of methods, both formal and informal, to speak up and raise concerns. These include:

- Through our established policies and procedures, e.g. grievance, dignity at work
- Through our incident reporting system
- Through line managers, HR team members, either directly or via our whistle-blowing (FTSU) policy
- *drop-in sessions with our staff governors
- Formally via our nominated NED.

*the Trust has five elected staff governors on its council of governors. they play an important role in engaging with staff and finding out their views about the trust, particularly in relation to performance and the strategic direction of the Trust. It also provides an opportunity for staff to raise concerns. Staff governors engage with staff in a number of ways, including through 'drop in' sessions.

You can report concerns directly with me as the Chief Executive or any Board member. Concerns may also be raised formally via the nominated Non-Executive Director or our FTSU guardian.

An important aspect of accountability and transparency is a mechanism to enable staff to voice concerns in a responsible and effective manner. Where an individual discovers information which they believe shows serious risk, malpractice or wrongdoing within the organisation, this information should be disclosed internally without fear of reprisal, and there should be arrangements to enable this to be done.

It should be emphasised that this policy is intended to assist individuals who believe they have discovered malpractice or impropriety. It is not designed to question financial or business decisions taken by SCAS nor should it be used to reconsider any matters which have already been addressed under dignity at work, complaint, disciplinary or other procedures. It is recognised when staff have serious concerns about unlawful conduct, financial/professional malpractice, or risk to patients/other, it can be daunting to speak up about this and this policy aims to give staff the assurance that concerns will be listened to and outlines a fair and easy process for staff to raise such matters.

Concerns raised under the South Central Ambulance Service NHS Foundation Trust Freedom to Speak Up: Raising Concerns (Whistleblowing) Policy will be treated seriously and sensitively and as far as possible we shall try to retain your anonymity. Where practical,

immediate steps will be taken to remedy the situation. However, the final outcome may take time to resolve depending on the issue that is raised.

Speak up, we will listen.

Speaking up about any concern you have at work is really important. In fact, it's vital because it will help us to keep improving our services for all patients and the working environment for our staff.

You may feel worried about raising a concern, and we understand this. But please don't be put off. In accordance with our duty of candour, our senior leaders and entire board are committed to an open and honest culture. We will look into what you say and you will always have access to the support you need.

This policy is designed to enable staff, volunteers and contractors to raise concerns internally and at a high level and to disclose information which the individual believes shows malpractice or impropriety. This policy is intended to cover concerns which are in the public interest and may be investigated but might then lead to the invocation of other procedures.

1. EQUALITY STATEMENT

- 1.1 The Trust is committed to promoting positive measures that eliminate all forms of unlawful or unfair discrimination on the grounds of age, marriage and civil partnership, disability, race, gender, religion/belief, sexual orientation, gender reassignment and pregnancy/maternity or any other basis not justified by law or relevant to the requirements of the post. The Trust will therefore take every possible step to ensure that this procedure is applied fairly to all employees regardless of the aforementioned protected characteristics, whether full or part time or employed under a permanent or a fixed term contract or any other irrelevant factor.
- 1.2 By committing to a policy encouraging equality of opportunity and diversity, The Trust values differences between members of the community and within its existing workforce, and actively seeks to benefit from their differing skills, knowledge, and experiences in order to provide an exemplary healthcare service. The Trust is committed to promoting equality and diversity best practice both within the workforce and in any other area where it has influence.
- 1.3 Where there are barriers to understanding; for example, an employee has difficulty in reading or writing, or where English is not their first language, additional support will be put in place wherever necessary to ensure that the process to be followed is understood and that the employee is not disadvantaged at any stage in the procedure. Further information on the support available can be sought from the HR Department.
- 1.4 Employees exercising their rights and entitlements under these regulations will suffer no detriment as a result.

2. WHO CAN RAISE CONCERNS?

2.1. Anyone who works (or has worked) in the NHS, or for an independent organisation that provides NHS services can raise concerns. This includes agency workers, private provider organisations, temporary workers, students, volunteers and governors.

3. WHAT CONCERNS CAN I RAISE?

3.1 You can raise a concern about risk, malpractice or wrongdoing you think is harming the service we deliver. Just a few examples of this might include but is by no means restricted to:

- Unsafe patient care
- Unsafe working conditions
- Inadequate induction or training for staff
- Lack of, or poor responses to a reported patient safety incident

Suspicious of fraud (which can also be reported to our local counter-fraud team Lisa George: 0845 300 3333 M: 07825 827024 E: lisa.george@tiaa.co.uk) or the National Reporting Line 0800 0284060 / www.reportnhsfraud.nhs.uk

- A bullying culture (across a team or organisation rather than individual instances of bullying)

Remember that if you are a healthcare professional you may have a professional duty to report a concern, by a requirement of your professional body. If in doubt, please raise it.

Don't wait for proof. We would like you to raise the matter whilst it is still a concern. It doesn't matter if you turn out to be mistaken as long as you are genuinely troubled.

3.2 This policy is not to be confused with action on complaints; discipline, dignity at work and grievances, for which there are other appropriate Trust policies and procedures, which individuals should endeavour to use where appropriate.

4. FEEL SAFE TO RAISE YOUR CONCERN

4.1 If you raise a genuine concern under this policy, you will not be at risk of losing your job or suffering any form of reprisal as a result. We will not tolerate the harassment or victimisation of anyone raising a concern. Nor will the Trust tolerate any attempt to bully you into not raising any such concern. Any such behaviour is a breach of our values and, if upheld following investigation, could result in disciplinary action.

Provided you are acting honestly, it does not matter if you are mistaken or if there is an innocent explanation for your concerns.

5. WHO SHOULD I RAISE MY CONCERN WITH?

5.1 In many circumstances the easiest way to get your concern resolved will be to raise it formally or informally with your line manager or HR team, but where you don't think it is appropriate to do this, you can use any of the options set out below in the first instance.

5.2 If raising it with your line manager or HR team does not resolve matters, or you do not feel able to raise it with them, you can contact one of the following people:

Our Freedom to Speak Up Guardian, or equivalent designated person, Simon Holbrook:

Phone: 01869 365067 or 07919 691361

Mail: FTSUG, SCAS HQ, 7-8 Talisman Road, Bicester, Oxon, OX26 6HR

Email: ftsuscas@scas.nhs.uk

This is an important role identified in the Freedom to Speak Up review to act as an independent and impartial source of advice to staff at any stage of raising a concern, with access to anyone in the organisation, including the Chief Executive, or if necessary, outside the organisation:

our risk management team – risk@scas.nhs.uk

If you still remain concerned after this, you can contact:

our Executive Director with responsibility for Freedom To Speak Up,

(Helen Young) / Jane Campbell (Acting) / Melanie Ingham (Interim) Executive Director of Patient Care & Transformation

our Non-Executive director with responsibility for Freedom To Speak Up Dr Henrietta Hughes OBE (henrietta.hughes@scas.nhs.uk)

All these people have been trained in receiving concerns and will give you information about where you can go for more support.

If for any reason you do not feel comfortable raising your concern internally, you can raise concerns with external bodies details of which are detailed in section 8 below.

6. HOW SHOULD I RAISE MY CONCERN?

6.1 You can raise your concerns with any of the people listed above in person, by phone or in writing (including email).

Whichever route you choose, please be ready to explain as fully as you can the information and circumstances that gave rise to your concern.

7. WHAT WILL WE DO?

We are committed to the principles of the Freedom to Speak Up review and its vision for raising concerns, and will respond in line with the vision as set out in Appendix 2.

We are committed to listening to our staff, learning lessons and improving patient care. On receipt the concern will be recorded and you will receive an acknowledgement within 5 working days. The central record will record the date the concern was received, whether you have requested confidentiality, a summary of the concerns and dates when we have given you updates or feedback.

7.1 Investigation

Where you have been unable to resolve the matter quickly (usually within a few days) with your line manager, it may be appropriate to carry out a proportionate investigation – using someone suitably independent (usually from a different part of the organisation) and properly trained – and we will aim to reach a conclusion within a reasonable timescale (which we will notify you of). Wherever possible we will carry out a single investigation (so, for example, where a concern is raised about a patient safety incident, we will usually undertake a single investigation that looks at your concern and the wider circumstances of the incident¹). The investigation will be objective and evidence-based, and will produce a report that focuses on identifying and rectifying any issues, and learning lessons to prevent problems recurring.

We may decide that your concern would be better looked at under another process; for example, our process for dealing with bullying and harassment. If so, we will discuss that with you.

Any employment issues (that affect you and not others) identified during the investigation will be considered separately.

7.2 Communicating with you

We will treat you with respect at all times and will thank you for raising your concerns. We will discuss your concerns with you to ensure we understand exactly what you are worried about. We will tell you how long we expect the investigation to take and keep you up to date with its progress. Wherever possible, we will share the full investigation report with you (while respecting the confidentiality of others).

We will expect you to respect the Trust and our efforts to investigate and correct any malpractice that is identified. These matters will be dealt with confidentially and we will require you also to maintain this. The Trust urges everyone to consider the wider implications of resorting to the use of any social media and would remind you that staff who use social media in their personal life should be mindful that inappropriate use could damage their own reputation and that of the Service. Social media sites cannot guarantee confidentiality and

¹ If your concern suggests a Serious Incident has occurred, an investigation will be carried out in accordance with the Serious Incident Framework.

you must also be aware of the General Data Protection Regulations and any potential infringement by disclosing any personal identifiable data. If you feel dissatisfied with action taken, this policy outlines further steps you can take (Appendix 1) or appropriate external bodies you should go to (see section 8)

7.3 How will we learn from your concern?

The focus of the investigation will be on improving the service we provide for patients. Where it identifies improvements that can be made, we will track them to ensure necessary changes are made, and are working effectively. Lessons will be shared with teams across the organisation, or more widely, as appropriate.

7.4 Board oversight

The Board will be given high level information about all concerns raised by our staff through this policy and what we are doing to address any problems. We will include similar high level information in our annual report. The board supports staff raising concerns and wants you to feel free to speak up.

8. RAISING YOUR CONCERN WITH AN OUTSIDE BODY

8.1 The Trust would hope that our culture of openness gives our staff the confidence to raise concerns internally, through the appropriate channels. However should you feel you need to raise your concerns outside the organisation you can do via

NHS Improvement for concerns about:

- how NHS trusts and foundation trusts are being run
- other providers with an NHS provider licence
- NHS procurement, choice and competition
- the national tariff
- Care Quality Commission for quality and safety concerns
- NHS England for concerns about:
 - primary medical services (general practice)
 - primary dental services
 - primary ophthalmic services
 - local pharmaceutical services
- Health Education England for education and training in the NHS
- NHS Protect for concerns about fraud and corruption.
- Local Counter Fraud Specialist - Lorraine Bennett (Lorraine.bennett@nhs.net)

9. MAKING A 'PROTECTED DISCLOSURE'

9.1 There are very specific criteria that need to be met for an individual to be covered by whistleblowing law when they raise a concern (to be able to claim the protection that accompanies it). There is also a defined list of 'prescribed persons', similar to the list of outside bodies on page 8, who you can make a protected disclosure to. To help you consider whether you might meet these criteria, please seek independent advice from the Whistleblowing Helpline for the NHS and social care, Public Concern at Work or a legal representative.

10. MONITORING & REVIEW

10.1 The Trust has appointed a second Non-Executive Director who will be responsible for supporting the Board in the oversight of this policy, this will be monitored via our Audit

committee. Additionally, we will review the effectiveness of this policy and associated process at least annually, with the outcome published and changes made as appropriate.

Appendix 1: Process for raising and escalating a concern

Step one

If you have a concern about a risk, malpractice or wrongdoing at work, we hope you will feel able to raise it first with your line manager, lead clinician or education team lead (for students) or HR team. This may be done orally or in writing.

Step two

If you feel unable to raise the matter with your line manager, lead clinician or education team lead or HR team, for whatever reason, please raise the matter with our local Freedom to Speak Up Guardian(s):

our Freedom to Speak Up Guardian (or equivalent designated person) Simon Holbrook;

Phone: 01869 365067 or 07919 691361

Mail: FTSUG, SCAS HQ, 7-8 Talisman Road, Bicester, Oxon, OX26 6HR

Email: ftsuscas@nhs.uk

This person has been given special responsibility and training in dealing with whistleblowing concerns.

They will:

- treat your concern confidentially unless otherwise agreed
- ensure you receive timely support to progress your concern
- escalate to the Trust Board any indications that you are being subjected to detriment for raising your concern
- remind the organisation of the need to give you timely feedback on how your concern is being dealt with
- ensure you have access to personal support since raising your concern may be stressful.

If you want to raise the matter in confidence, please say so at the outset so that appropriate arrangements can be made.

Step three

If these channels have been followed and you still have concerns, or if you feel that the matter is so serious that you cannot discuss it with any of the above, please contact one of the following:

Will Hancock, Chief Executive

Dr John Black, Medical Director

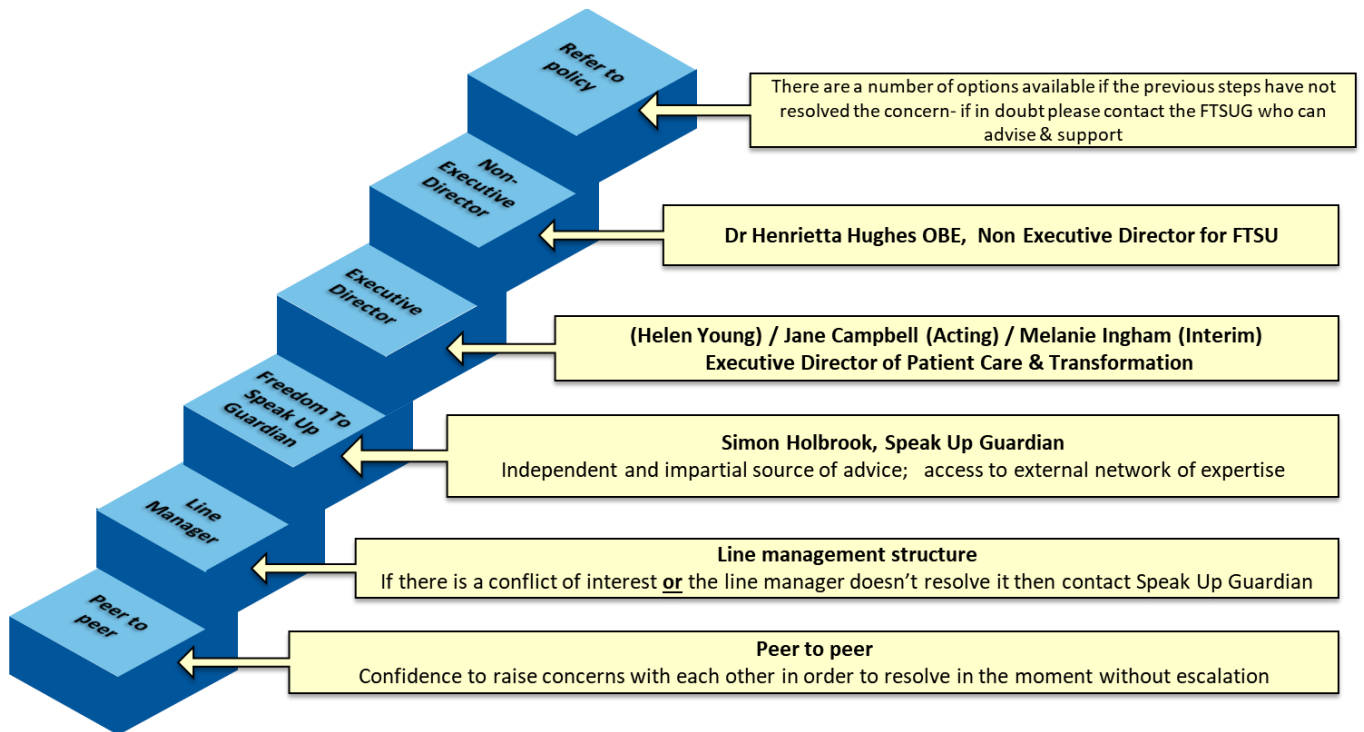

Melanie Saunders, Director of Human Resources and Organisation Development

Helen Young, Jane Campbell (Acting) / Melanie Ingham (Interim), Director of Patient Care and Service Transformation

Dr Henrietta Hughes OBE, Non-Executive Director lead

Step four

You can raise concerns formally with external bodies as detailed in section 8.

Appendix 2: A vision for raising concerns in the NHS

Appendix 3: Equality Impact Assessment

This policy will be applied fairly to all employees regardless of race, ethnic or national origin, colour or nationality; gender (including marital status); age; disability; sexual orientation; religion or belief; length of service, whether full or part-time or employed under a permanent or a fixed-term contract or any other relevant factor. The Trust will therefore take every possible step to ensure that this policy is applied fairly to all employees regardless of these protected characteristics or whether full or part-time or employed under a permanent or a fixed-term contract or any other irrelevant factor.

By committing to a policy encouraging equality of opportunity and diversity, the Trust values differences between members of the community and within its existing workforce, and actively seeks to benefit from their differing skills, knowledge, and experiences in order to provide an exemplary healthcare service. The Trust is committed to promoting equality and diversity best practice both within the workforce and in any other area where it has influence.

Where there are barriers to understanding, e.g., an employee has difficulty in reading or writing or where English is not their first language additional support will be put in place wherever necessary to ensure that the process to be followed is understood and that the employee is not disadvantaged at any stage in the procedure. Further information on the support available can be sought from the Human Resources Department.

Employees exercising their rights and entitlements under the regulations will suffer no detriment as a result.

A full 'Equality Impact Assessment' is available on request.
