

When to call 111

Medical help or advice needed?

Ring 111

1 If you need medical help fast but it is not a life threatening situation.

2 If you think you need to go to A&E or need another NHS urgent care service.

3 If you don't know who to call or you don't have a GP to call.

4 If you need health information or advice about what to do next.
